METRO VANCOUVER, BC

New Cabinet Doors Planning Checklist

Getting new doors and drawer fronts is simpler than a renovation, but a little planning goes a long way. Use this checklist from your first idea to the day your kitchen is done.

1 Before your visit

Look at your kitchen

- [ ] **Count your doors and drawers.** It helps us plan and quote.
- [ ] **Check under the sink** for soft, swollen or water-stained spots.
- [ ] **Note any doors** that sag, stick or will not close.
- [ ] **Snap a few photos** of the whole kitchen and any problem spots.

Think about the look

- [ ] **Pick two or three door styles** you like (see our Door Style and Finish Guide).
- [ ] **Paint or stain?** Decide on the feel for your boxes and fronts.
- [ ] **Save photos** of kitchens you love.
- [ ] **Hardware:** note if you want to keep or change your pulls.

2 At your visit

- ✓ **We check your boxes** so you know they are solid before you commit.
- ✓ **We talk through styles** and finishes that suit your kitchen.
- ✓ **You get a clear written quote** with the scope and timeline.
- ✓ **Ask anything.** No question is too small.

Questions worth asking

TIMING
How long until my doors are ready, and when can you start?

MATCHING
How will my boxes be finished to match the new fronts?

COVERAGE
What does the 2-year workmanship warranty cover?

3 While your doors are being made

- [ ] Confirm your start date with us.
- [ ] Plan simple meals for the days we are in your kitchen.
- [ ] Book a strata elevator or parking pass if your building needs one.
- [ ] Plan for pets during the work days.
- [ ] Clear a parking spot close to your door.
- [ ] Share gate codes or lockbox details.

4 The week of the work

BEFORE DAY ONE

Clear counters

Clear your countertops. Most cupboards can stay full.

PREP

Protect

We mask counters, floors and appliances, then clean and sand your boxes.

FINISH

Prime and coat

Boxes get bonding primer and their finish to match the new fronts.

LAST DAY

Install

New doors and drawer fronts go on and line up. Then a walkthrough with you.

5 Final walkthrough

- [ ] Open and close every door and drawer.
- [ ] Check that gaps between doors look even.
- [ ] Look over the boxes in good light.
- [ ] Your job includes our 2-year workmanship warranty.
